

Create folded fauna with WaterNSW

- 1** Cut out your origami square below.
- 2** You might like to colour the patterned side before you begin folding.
- 3** Choose a fauna friend to create and follow the instructions. You can follow the instructions online or print if you prefer.

Did you know that many creatures, both big and small, live in or around our dams?

origami sheep

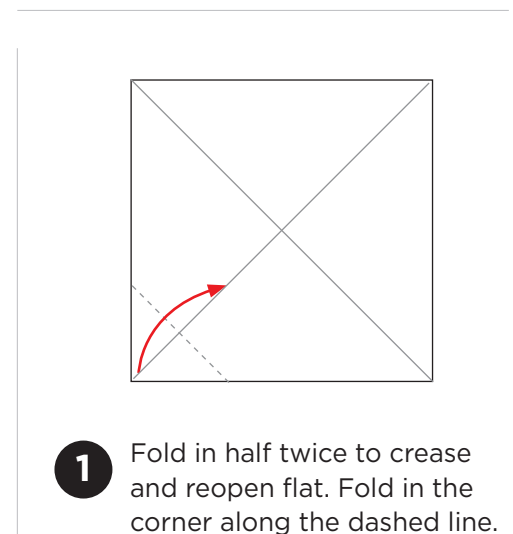

When you are visiting some of our dams, you might be lucky enough to see a sheep along the way!

Sheep were among the first animals to be domesticated for agricultural purposes.

A sheep's wool is the most widely used animal fibre.

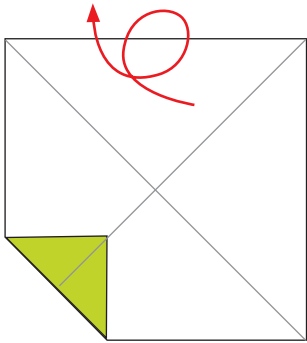

Did you know that there are over 22 million sheep in New South Wales?

DIFFICULTY LEVEL

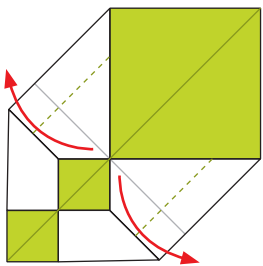

2 Turn over.

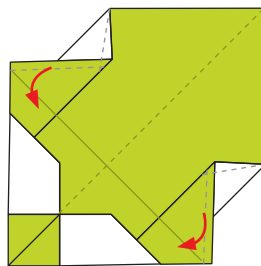

3 Fold in the 2 side flaps to meet at the centre.

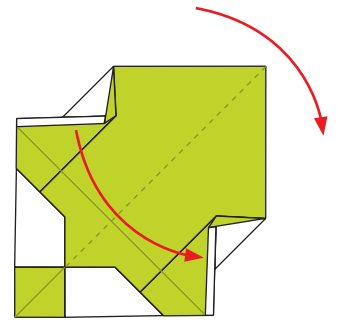

4 Fold in the 2 flaps along the dashed lines.

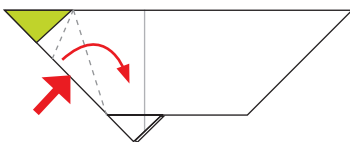

5 Carefully pull out the 2 sides and crease along the dashed line.

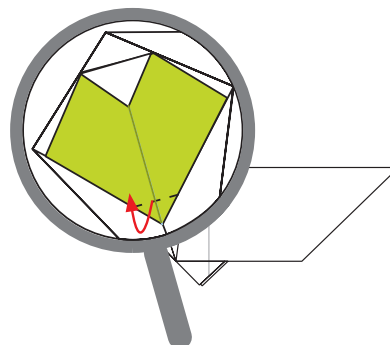

6 Small fold inwards on both sides along the dashed lines.

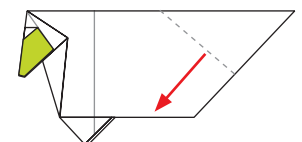

7 Fold in half.

8 Open the pocket at the large arrow, pull forward and flatten.

9 Fold the top corner down along the dashed line. Fold the lower corner behind.

10 Fold over the dashed line and add detail to your sheep.

Thank you for creating a paper pal!
