

## Application for a new or amended water use approval (including the use component of a combined approval)

This is an application for Minister's approval under section 92 of the *Water Management Act 2000* for a new water use approval or the amendment of a water use approval under section 107 of the *Water Management Act 2000*.

Water use approvals allow you to use water on your land. An example of a water use which requires approval is irrigation.

Water cannot lawfully be used unless you hold a suitable water access licence with a sufficient volume linked to the water supply work approval.
